

SAFETY DATA SHEET

Emission date: 2017-10-03

Section 1. Identification

Product name : **AQUA-DERMA** **Code** : **3646**

Product description : **Cleansing gel for hands, body and hair**

Restrictions on use : For professional use only.

Supplier/Manufacturer : **CHOISY LABORATORIES LTD** **Emergency phone** : **Quebec Poison Control Centre:**
390, boul. St-Laurent Est (24 hour service) -Quebec: 800-463-5060 (no charge)
Louiseville (Quebec) -All other places: 418-656-8090
CANADA J5V 2L7 **CANUTEC:** 613-996-6666 (collect)
info@choisy.com / www.choisy.com

Section 2. Hazard identification

Hazard statements : MAY CAUSE EYE IRRITATION.

Precautionary statements : Avoid contact with eyes.

Section 3. Composition/information on ingredients

Substance/mixture : Mixture

The complete list of ingredients appears on the product label.

Section 4. First aid measures

Eye contact : Rinse with plenty of running water. Get medical attention if irritation occurs.

Skin contact : Get medical attention if symptoms occur.

Inhalation : Get medical attention if symptoms occur.

Ingestion : Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

See Section 11 for more detailed information on health effects and possible symptoms.

Section 5. Fire-fighting measures

Suitable extinguishing media : Use an extinguishing agent suitable for the surrounding fire.

Specific hazards arising from the chemical

In a fire or if heated, a pressure increase will occur and the container may burst.

Hazardous thermal decomposition products : Decomposition products may include the following materials: carbon dioxide carbon monoxide sulfur oxides halogenated compounds metal oxide/oxides

Advice for firefighters

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Special protective equipment for fire-fighters : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

No special measures required.

Methods and materials for containment and cleaning up

Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

Section 7. Handling and storage

Precautions for safe handling

Avoid contact with eyes. Do not ingest.

Conditions for safe storage, including any incompatibilities

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers.

Section 8. Exposure controls/personal protection

Personal protective equipment

Eye/face	: No protective equipment is required under normal use conditions.
Hands	: Not applicable
Respiratory	: Not applicable.
Other	: Not applicable.

The information contained in this safety data sheet relates to the concentrated product as sold and is intended to ensure safe handling.

Section 9. Physical and chemical properties

pH	: 5.5 to 6	Physical state	: Liquid. [Transparent gel]
Specific gravity	: 1.035 to 1.045	Odor	: Sea breeze
Boiling point	: 100°C	Color	: Blue.
Melting/freezing point	: <0°C		
Solubility	: Easily soluble in the following materials: cold water and hot water.		
Flash point	: Closed cup: >93.3°C [Pensky-Martens, closed cup.] [Product does not sustain combustion.]		
Viscosity	: Dynamic (room temperature): 2000 to 4000 mPa·s (2000 to 4000 cP)		

Section 10. Stability and reactivity

Reactivity	: No specific test data related to reactivity available for this product or its ingredients.
Chemical stability	: The product is stable.
Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid	: No specific data.
Incompatible materials	: No specific data.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11. Toxicological information

Likely routes of exposure : Dermal contact. Eye contact. Ingestion.

Potential acute health effects

Eye contact	: May be slightly irritating to the eyes.
Skin contact	: No known significant effects or critical hazards.
Inhalation	: No known significant effects or critical hazards.
Ingestion	: No known significant effects or critical hazards.

Potential symptoms related to the physical, chemical and toxicological characteristics

Eye contact	: No specific data.
Skin contact	: No specific data.
Inhalation	: No specific data.
Ingestion	: No specific data.

Potential chronic health effects

Carcinogenic Effects	: No known significant effects or critical hazards.
Mutagenic Effects	: No known significant effects or critical hazards.
Teratogenic Effects	: No known significant effects or critical hazards.

Reproductive effects : No known significant effects or critical hazards.

Sensitizer : No known significant effects or critical hazards.

Section 12. Ecological information

Ecotoxicity : No known significant effects or critical hazards.
Phosphate-free product. Eco-Logo certified product.

Persistence and degradability

Organic components are readily biodegradable based on OECD guidelines of the 301 serie (A to F).

Section 13. Disposal considerations

Waste handling and disposal

The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Section 14. Transport information

Reg. info.	UN #	Proper shipping name	Classes	PG*	Label	Additional information
TDG Class	Not regulated.	-	-	-		Remarks Not regulated product (TDG)

PG* : Packing group

Transport within user's premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

Section 15. Regulatory information

Cosmetics are exempt from WHMIS and this SDS is provided for information purposes only. This product is a mixture for which no specific health effects data exist. The risks have therefore been evaluated based on the physicochemical properties of the product and its composition and may be overestimated.

Food contact : Not applicable.

DSL; Canadian Domestic : All components are listed or exempted.

Substance List

Section 16. Other information

Date of issue : 2017-10-03

Version : 1.03

Notice to reader

The information provided in this Safety Data Sheet has been compiled from our experience and data presented in various technical publications. The information contained herein is based on the state of our current knowledge of the product concerned. It is the user's responsibility to verify the value of this information for the adoption of required safety measures. We reserve the right to revise Safety Data Sheets from time to time as new technical information becomes available. The user has the responsibility to contact the company to make sure that the Safety Data Sheet he owns is the last published.
