

# SAFETY DATA SHEET

Emission date: 2017-05-16

## Section 1. Identification

**Product name** : **BATHROOM** **Code** : **750239**

**Product description** : **Bathroom cleaner**

**Restrictions on use** : For professional use only.

**Supplier/Manufacturer** : **CHOISY LABORATORIES LTD**  
390, boul. St-Laurent Est  
Louiseville (Quebec)  
CANADA J5V 2L7  
info@choisy.com / www.choisy.com

**Emergency phone (24 hour service)** : **Quebec Poison Control Centre:**  
-Quebec: 800-463-5060 (no charge)  
-All other places: 418-656-8090  
**CANUTEC**: 613-996-6666 (collect)

## Section 2. Hazard identification

**Product classification** : SKIN IRRITATION - Category 2  
SERIOUS EYE DAMAGE - Category 1

**Signal word** : Danger

**Hazard statements** : Causes serious eye damage.  
Causes skin irritation.

### Precautionary statements

**Prevention** : Wear protective gloves and eye/face protection. Wash hands thoroughly after handling.

**Response** : IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical attention.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or physician.

**Storage** : Not applicable.

**Disposal** : Not applicable.

**Other hazards** : None known.

## Section 3. Composition/information on ingredients

**Substance/mixture** : Mixture

### Hazardous ingredients

	CAS number	Concentration %
- Alcohols, C12-15, ethoxylated	68131-39-5	1 - 5
- Isopropanolamine dodecylbenzenesulfonate	42504-46-1	1 - 5
- Isopropanolamine oxalate	144-62-7/78-96-6	1 - 5

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

## Section 4. First aid measures

**Eye contact** : Get medical attention immediately. Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes.

**Skin contact** : Flush contaminated skin with plenty of water. Continue to rinse for at least 10 minutes. Get medical attention.

**Inhalation** : Remove person to fresh air and keep comfortable for breathing. Maintain an open airway. Get medical attention if symptoms occur.

**Ingestion** : Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention.

**Notes to medical doctor** : In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.

See Section 11 for more detailed information on health effects and possible symptoms.

## Section 5. Fire-fighting measures

**Suitable extinguishing media** : Use an extinguishing agent suitable for the surrounding fire.

### Specific hazards arising from the chemical

In a fire or if heated, a pressure increase will occur and the container may burst. In case of inhalation of decomposition products in a fire, symptoms may be delayed.

**Hazardous thermal decomposition products** : Decomposition products may include the following materials: carbon dioxide carbon monoxide nitrogen oxides sulfur oxides

### Advice for firefighters

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

**Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

## Section 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Do not breathe vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

### Methods and materials for containment and cleaning up

Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

## Section 7. Handling and storage

### Precautions for safe handling

Put on appropriate personal protective equipment. Do not get in eyes or on skin or clothing. Do not breathe vapor or mist. Do not ingest. Wash hands thoroughly after handling. Manipulate with care, avoid splashes. Empty containers retain product residue and can be hazardous.

### Conditions for safe storage, including any incompatibilities

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers.

## Section 8. Exposure controls/personal protection

### Control parameters

#### Occupational exposure limits

##### Hazardous ingredients

No exposure limit value known.

##### CAS number

##### Exposure limit values

#### Appropriate engineering controls

If user operations generate vapor aerosols or mist, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits.

### Personal protective equipment

**Eye/face** : Wear eye protection against chemical splashes.

**Hands** : Wear chemical-resistant, impervious gloves.

**Respiratory** : No respiratory protection required under normal handling conditions.

**Other** : Not applicable.

**Hygiene measures** : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period.

**Handling of diluted product:** Information contained therein are issued for the concentrated product as sold. At recommended use dilution, risks regarding this product are greatly reduced. Preventive measures can then be tailored to the employer judgment based on experience and/or level of exposure of workers.

**Section 9. Physical and chemical properties**

<b>pH</b>	: 2 to 3	<b>Physical state</b>	: Liquid. [Viscous liquid.]
<b>Specific gravity</b>	: 1.017 to 1.021	<b>Odor</b>	: Characteristic.
<b>Boiling point</b>	: 100°C	<b>Color</b>	: Blue.
<b>Melting/freezing point</b>	: <0°C		
<b>Vapor pressure</b>	: Not available.		
<b>Vapor density</b>	: Not available.		
<b>Volatility</b>	: Not available.		
<b>Solubility</b>	: Easily soluble in the following materials: cold water and hot water.		
<b>Flash point</b>	: Closed cup: >93.3°C [Pensky-Martens, closed cup.] [Product does not sustain combustion.]		
<b>Viscosity</b>	: Dynamic (room temperature): 50 to 100 mPa·s (50 to 100 cP)		

**Section 10. Stability and reactivity**

<b>Reactivity</b>	: No specific test data related to reactivity available for this product or its ingredients.
<b>Chemical stability</b>	: The product is stable.
<b>Possibility of hazardous reactions</b>	: Under normal conditions of storage and use, hazardous reactions will not occur.
<b>Conditions to avoid</b>	: No specific data.
<b>Incompatible materials</b>	: No specific data.
<b>Hazardous decomposition products</b>	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

**Section 11. Toxicological information**

**Likely routes of exposure** : Dermal contact. Eye contact.

**Potential acute health effects**

<b>Eye contact</b>	: Causes serious eye damage.
<b>Skin contact</b>	: Causes skin irritation.
<b>Inhalation</b>	: No known significant effects or critical hazards.
<b>Ingestion</b>	: No known significant effects or critical hazards.

**Potentials symptoms related to the physical, chemical and toxicological characteristics**

<b>Eye contact</b>	: Pain, watering, redness
<b>Skin contact</b>	: Pain or irritation, redness, blistering may occur
<b>Inhalation</b>	: No specific data.
<b>Ingestion</b>	: Stomach pains

**Potential chronic health effects**

<b>Carcinogenic Effects</b>	: No known significant effects or critical hazards.
<b>Mutagenic Effects</b>	: No known significant effects or critical hazards.
<b>Teratogenic Effects</b>	: No known significant effects or critical hazards.
<b>Reproductive effects</b>	: No known significant effects or critical hazards.
<b>Sensitizer</b>	: No known significant effects or critical hazards.

**Numerical measures of toxicity**

<b>Product/ingredient name</b>	<b>Species</b>	<b>Result</b>	<b>Dose</b>
- Alcohols, C12-15, ethoxylated	Rabbit	LD50 Dermal	2300 mg/kg
	Rat	LD50 Oral	1700 mg/kg
- Isopropanolamine dodecylbenzenesulfonate	Rabbit	LD50 Dermal	>23220 mg/kg
	Rat	LD50 Oral	>10800 mg/kg
- Isopropanolamine oxalate	Rat	LD50 Oral	450 mg/kg

**Section 12. Ecological information**

**Ecotoxicity** : No known significant effects or critical hazards.  
Phosphate-free product. Eco-Logo certified product.

**Aquatic ecotoxicity:**

Product/ingredient name	Result	Species	Exposure
- Alcohols, C12-15, ethoxylated	Acute EC50 2.9 mg/l	Aquatic plants - Algae	96 hours
	Acute EC50 0.4 mg/l	Daphnia	48 hours
	Acute LC50 1.1 mg/l	Fish	48 hours

**Persistence and degradability**

Organic components are readily biodegradable based on OECD guidelines of the 301 serie (A to F).

**Section 13. Disposal considerations****Waste handling and disposal**

The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

**Section 14. Transport information**

Reg. info.	UN #	Proper shipping name	Classes	PG*	Label	Additional information
<b>TDG Class</b>	Not regulated.	-	-	-		<b>Remarks</b> Not regulated product (TDG)

PG\* : Packing group

**Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Section 15. Regulatory information**

Classification of this product and the SDS have been made in accordance with Hazardous Products Regulations (HPR) in force in Canada. This product is a mixture for which no specific health effects data exist. The risks have therefore been evaluated based on the physicochemical properties of the product and its composition and may be overestimated.

**Food contact** : Not applicable.

**DSL; Canadian Domestic Substance List** : All components are listed or exempted.

**Section 16. Other information**

**Date of issue** : 2017-05-16

**Version** : 1

**Notice to reader**

The information provided in this Safety Data Sheet has been compiled from our experience and data presented in various technical publications. The information contained herein is based on the state of our current knowledge of the product concerned. It is the user's responsibility to verify the value of this information for the adoption of required safety measures. We reserve the right to revise Safety Data Sheets from time to time as new technical information becomes available. The user has the responsibility to contact the company to make sure that the Safety Data Sheet he owns is the last published.
